

IP 510-UZN

PUBLIC CALLING CARD TELEPHONE

CALLING CARD TELEPHONE

The **IP-510-UZN** is a consumer-friendly Public Calling Card Telephone.

The **IP-510-UZN** is specially designed as an semi-outdoor telephone. It can successfully withstand hot / cold / rainy weather, once it is placed in a properly designed telephone booth.

The **IP-510-UZN** is specially built in a metal housing, equipped with armored handset, metal spiral cord and hook switch, to successfully resist vandalism.

The **IP-510-UZN** allows the user to place a call through a simple process by using a calling card. Access to provider is by pressing a fast memory-dial button on the keyboard. The user then needs only to dial the calling card number along with the desired destination number.

The **IP-510-UZN** reduces dramatically the amount of unsuccessful calls. This results in considerable cost and time savings both for the provider and for the user.

The **IP-510-UZN** is equipped with a large LCD display on its front panel allowing 32 characters. The user is instructed how to easily use the phone.

The **IP-510-UZN** enables to program the phone to allow or to disable dialing toll-free numbers.
