## COIN PAYPHONE

PERYPHON's **IP-710M Coin Payphone**, is specially designed for a heavy duty semi outdoor use. It is wall mounted and is constructed specially against vandalism attempts and heavy duty long period use.

The PERYPHON **IP-710M Coin Payphone** is technically sophisticated, and modern smooth designed to fulfill all up to date requirements.

The PERYPHON **IP-710M Coin Payphone** include a sophisticated coin checker (Validator) to sense and distinguish up to 6 different types of coins. It contains also an Escrow that can store up to 6 coins. Unused coins will be refunded, first in, first out. Cashbox capacity up to 600 coins.

The PERYPHON **IP-710M Coin Payphone** operates by 12 or 16 KHz impulse supplied by the PTT, having the most accurate cashing system. It can also be operated by push to talk system.

The PERYPHON **IP-710M Coin Payphone** is very simple and easy to operate, thanks to its 4x4 keypad. The equipment operation is supported by a language user interface. The Liquid Crystal Display (LCD) displays up to 20 large digits and a large range of symbols, arrows etc. providing the user with a friendly type dialogue.

The PERYPHON **IP-710M Coin Payphone** is an easy keypad programmable unit, to satisfy the owner's requirements. The programming enables the following capabilities:

- Local, national and free calls, can be barred or allowed.
- Incoming calls can be barred or allowed.
- Two selected secret codes (keys) provide the owner with the capability of programming the Payphone through the keypad, and using owner secret codes, to dial without inserting the coins. In addition, these secret codes can be changed by the owner.
- Tariffs can be defined by the owner. This can be accomplished by entering the programming mode, using the secret code, and getting to the menu, containing four different programming menus.
- Entering the programming modes enables the owner to see all reports concerning the number of accumulated coins in the cash box, and its total value. The number of pulses made by the owner, is also displayed.
