

**SATELLITE SAT-510 TELEPHONE**

**Satellite Prepaid Telephone**

The consumer-friendly telephone system.

The **SAT-510** is a metal semi-outdoor public Satellite Prepaid Telephone.

The **SAT-510** is specially built in robust metal housing with armored handset, metal spiral cord and hook switch, to prevent vandalism.

The **SAT-510** allows the user, through code dialing or barcode card, to call any phone number he wishes.

The display will show at the beginning the number dialed, and soon after the connection is made it will show the running cost while talking and the status of the card value.

The Liquid Crystal Display (LCD) displays up to 20 large easy-to-read digits and a large range of symbols, arrows, etc., providing the user with a friendly-type dialogue.

**FEATURES :**
